## Fall/Winter 2008 Newsletter

It's hard to believe that summer's over and school is back in session. Now is the perfect time to take some time for yourself to look your best for all the upcoming seasonal events.

## Staffing Changes

Effective July 28<sup>th</sup>, Denise Sepulveda has decided to leave *Turn Back Time Medispa* to pursue other opportunities closer to her home. We appreciate her time of service with *Turn Back Time Medispa*. She will be greatly missed and wish her well with her new endeavors.

## Aesthetic Treatments

Our two Medical Aestheticians, Jorie Hezinger and Leslie McCrae are pleased to offer new aesthetic treatments at *Turn Back Time Medispa*.

Jorie and Leslie are Medical Aestheticians who are both educated and trained in a medical office setting. Because of their higher education, they are able to offer treatments not offered in a salon/cosmetic office setting.

They are able to provide TCA Peels, which is a much stronger peel using 20% TCA and 10% Lactic Acid. The TCA peel will effectively treat aging, sun damaged, or acneic skin, deep wrinkles, and/or pigment disorders.

In addition, they are able to assist in treating hyperpigmentation (brown spots), using prescription grade products that are offered only through a physician in a medical office.

The *Turn Back Time* Signature Facial is always customized to each individual client's skin type and skin needs.

*Turn Back Time Medispa* is committed to our clients to offer the latest in aesthetic treatments and services. Call **847-681-8700** to schedule a consultation with Jorie or Leslie to see which aesthetic treatment is appropriate for your skin type.

## CranialSacral Therapy

Leslie McCrae, one of our Team of Experts at *Turn Back Time Medispa* offers CranioSacral Therapy to our clients on Wednesday's from 1:00pm-5:00pm. Leslie is a licensed massage therapist with over 13 years of therapeutic treatment experience.

Cranial Sacral Therapy is extremely helpful for migraine headache prevention and treatment, sinus problems and any stress or joint related condition.

More specifically, CranioSacral Therapy is a gentle technique that uses gentle touch and subtle movement of the spinal and cranial bones. This therapy helps detect and correct imbalances in the CranioSacral System. This therapeutic technique is used to restore misaligned bones, dissipate the effects of stress and encourage the body's own natural mechanisms to improve functioning of the brain and spinal cord.

We invite you to make an appointment with Leslie, by calling **847-681-8700**, to experience the benefits for yourselves.

## Financing Options

*Turn Back Time Medispa* now offers financing options for its clients through ChaseHealth Advance. By choosing this financing opportunity, you the client are able to select 3 months or 6 month financing for services over \$500.00 with no service or finance charges. Ask about the exciting new finance option to see if it's something for you.

## New Products

The Team of Experts at *Turn Back Time Medispa* is excited to announce the addition of **NIA 24™** skincare, the first inside-out topical niacin-powered skin barrier-builder. This system works together to prevent, repair, and fight the signs of damage deep in the skin. **NIA24™** is great for those with sun damage, hyperpigmentation (brown spots), and actinic keratosis. **NIA24™** products are fragrance-free, dye-free, color-free, and non-comedogenic.

## New Products (cont.)

**Remergent** offers the next generation in skincare therapies using DNA science for the skin. Remergent formulas are uniquely positioned to get active components into skin cells to repair damage, restore healthy response, and resist future injury.

*Turn Back Time Medispa* now offers two additional sun protection products that offer excellent benefits from harmful UVA and UVB rays.

### Obagi Nu-Derm Physical UV Block w/ SPF 32

contains 18.5% micronized zinc oxide, this chemical-free formula provides superior protection without irritation.

### C-SunGuard w/ SPF 30

prevents premature aging from UVA/UVB radiation and protects skin radiance. **C-SunGuard** contains 9% micronized zinc oxide.

*Turn Back Time Medispa* is committed to educating our clients about the latest FDA approved products with scientific studies proving their benefits and results.
