### New Product

Obagi® Medical has introduced the Obagi® ELASTIderm Décolletage System for chest and neck. It's a one of a kind therapy specifically created for delicate neck and chest skin. It's proven to significantly reduce hyperpigmentation, fine lines, and wrinkles in as little as 4 weeks. Please call **847-681-8700** to schedule your complimentary consultation about this exciting new system.

### Smart Sun Protection Choices

It's hard to imagine that there could be damaging light in our dreary Chicago winters, but indeed it is true, we need to use UV protection regardless of the amount of sunlight that is shining. Come Spring and Summer, it is even more important to protect our skin. We carry a full line of sunscreen products including the following:

**Obagi® Healthy Skin Protection with SPF35** offers a traditional crème application to be applied 15 minutes before sun exposure. Its active ingredients are Octinoxate 7.5% and Zinc Oxide 9%. The Skin Cancer Foundation has recommended Healthy Skin Protection as an effective UV sunscreen.

## Smart Sun Protection Choices (cont.)

### Colorescience® Mineral Makeup and Sunforgettables

Colorescience® powder foundations, with SPF 20's active ingredients are titanium dioxide 6% and zinc dioxide 6% Sunforgettables, with SPF30, both offer sun protection for UVA and UVB rays. Sunforgettables SPF30 Nanopowder's active ingredients are micronized titanium dioxide 12% and micronized zinc dioxide 12%. Colorescience® is airport friendly because of its powder composition. Aestheticians, Denise Sepulveda and Jorie Hezinger are here to help you create that new look for spring and summer.

### PCA® (Physicians Choice of Arizona) Perfecting Body Hydrator with SPF30

Another excellent crème application, with active ingredients Avobenzone 2.0%, Octinoxate 7.5%, Octisalate 5.0%, and Oxybenzone 4.0%. This product is also a moisturizer that has a blend of aloe, antioxidants, and skin brighteners.

We offer many different applications for sun protection to suit you needs and lifestyle. With the increasing numbers of skin related/cancer diagnosis it's important to ALWAYS use UV protection no matter what the weather conditions are.
